

Pup Scouts App Privacy Policy

Welcome to our QR code app! This brief policy describes what data Pup Scouts Boarding, LLC (“**we**,” “**us**,” or “**Pup Scouts**”), collects from users from this app. This policy was last updated on 12/6/2023.

Pup Scouts does not collect or store any user information directly that is entered through this app. However, information entered through this app will be stored on your device until the app is deleted or the “reset” button within the app is used. This information includes all data entered into this app, including your first and last name as well as the name of your dog.

Additionally, the QR code generated by this app includes all information entered into this app, including your first and last name as well as the name of your dog. The QR code does not include any information that you did not manually enter and choose to give us. When this information is scanned by our, or any, scanner, that information will be transmitted to the scanning device. We use this information to accurately record what time your dog comes and leaves from Pup Scouts, as well as to ensure that the correct user is picking up their dog and making payments.

Any information scanned by our scanner is stored temporarily on the device handling scans as well as permanently on a secure Google Drive cloud server, as well as a time stamp matching the time your QR code was scanned by our scanner. This information is subject to the privacy of Google as it relates to data stored on a Google Drive file, which can be found at <https://policies.google.com/privacy>.

The time stamp described above is also stored on ProPetware, which, by extension, means it may be able to be seen by any user logged into your online ProPetware account, and is subject to the privacy policy of ProPetware, which can be found at <https://www.propetware.com/privacy-policy/>.

We do not and will not release, sell, distribute, or otherwise share any information collected by this app to anyone for any reason, except in the ways described in this policy, and except where required by law or law enforcement. This data is used solely for the accurate record keeping of your dog’s stay with us, and for no other purpose or reason.

If you would like more information or have any questions about your data or information or how it is handled, stored, or collected, you can contact us at any time using the contact information available on our website or by email at contact@pupscoutsboarding.com. You can also contact us if you would like your data deleted. Please be aware that if your data is deleted, you will no longer be able to see any records of your dog’s stays online. To revoke consent of collection of new data, simply use the reset button within this app. We reserve the right to amend this policy at any time.
